Subject: Construction Activities on LPT's 2301 Renaissance Boulevard Property

This project status report covers on-site work completed on the subject property on 5/9/01 and planned for completion on 5/10/01.

Work Completed on 5/9/01

The primary work completed on 5/9/01 included the continued construction of Basin #2, the excavation of soils from beneath the building pad, and the excavation of the on-site drainage swale.

Anticipated Work for 5/10/01

Activities planned for tomorrow will be limited to rolling and compacting soil already placed in Basin #2 and the drainage swale.

No intrusive work is anticipated at the site tomorrow.

Potential Issues

No issues of potential environmental concern were identified at the site today.

Please feel free to give me a call if you have any questions regarding the contents of this project status report or if you require additional information.

Thanks,
Mike
